\* The names of the hotels are listed in the programme, respectively for each day; however, it is possible, for reasons beyond the organiser's control, that some may be replaced with hotels of the same or higher category. Please note that, with the exception of Naples, the rooms in the other hotels may be of different categories. These are in fact ancient buildings born with a non-accommodation purpose with different rooms; moreover they are generally small structures with few rooms. An attempt will be made, from time to time, to distribute the higher category rooms equally.

### **THE FEE DOES NOT INCLUDE**

- Medical and luggage insurance and travel cancellation insurance: highly recommended.
- Transfer from your place of residence to Italy.
- 3 dinners, 1 lunch and meals on the day of departure.
- Extra services, tips and anything not included in the programme and in THE PRICE INCLUDES.

### **TRIP CONFIRMATION**

The trip will be confirmed when the minimum number of 10 enrolments is reached. The closing date for registration for the trip is 15 December 2024.

Once the trip has been confirmed, further registrations, up to a maximum of 14, will be accepted by 15 February 2025.

### **WITHDRAWAL, PENALTIES AND TRANSFER OF CONTRACT**

The traveller may withdraw from the contract at any time. In the event of cancellation of the trip by the traveller, the following penalties shall apply:

- from booking to 30 April 2025, penalty equal to half of the deposit paid;
- from 1 May to 2 October 2025, penalty equal to the entire deposit paid;
- from 3 October onwards the penalty shall be 100 %.

Travellers who find themselves in the situation of having to cancel their trip must, if necessary, activate the claim with their insurance company, as cancellation insurance is not included in this travel package.

The traveller who is unable to participate may transfer the Contract to a person who meets all the conditions for the use of the service, (e.g. the same type of room) by giving notice to the Organiser by email, no later than seven days before the start of the trip.

In any case, the Organiser shall retain the sum of 4% of the amount paid as a reimbursement for administrative expenses and recovery of costs related to money transactions relating to the payment of the deposit or balance.

As this is a tailor-made and customised trip, in the event of a participant's withdrawal, which would reduce the number of participants from the planned minimum of ten travellers, the cost of the trip will have to be recalculated and the registered travellers will have to pay the supplement necessary to guarantee the sustainability of the trip. Should the new price not be accepted, the trip must be cancelled but all expenses already incurred by the Organiser will be retained.

This condition applies to the stage of the trip already confirmed with payment of the deposit only. After payment of the balance, no further integration will be required as this will be a cancellation penalty.

### **INFO AND PROGRAMME CHANGES**

Before departure, other useful information about the trip will be given by e-mail, in particular the names and contact details of the tour leaders and any additional information. The above-mentioned programme may be subject to some changes, before or during the tour, due to technical or organisational reasons or due to weather conditions that preclude the performance of some outdoor activities. Consequently, some of the services planned, such as excursions, visits, tastings or other, may be replaced with other services of the same type, quality or value, at the sole discretion of the tour leaders.

The programme may also be subject to changes or limitations in the event of emergency government regulations regarding public health. The causes cannot be foreseen and are beyond the organiser's control.
